

Don't eat an egg from a tormented hen!

**Laying hens know what they want:
Nothing but out of the cage!**

©: Eckard Wendt / AGfaN e.V.

This photograph originated in 2001 in a laying battery with so-called "furnished, enriched or modified cages" with the intention of glossing over the issues by calling them "small group rearing" and even "chicken group homes" by another operator.
